

# “Killing Maybe”

Topic: Can your heart be broken by someone you never dated? It's possible if instead of “no”, they said “maybe”. Here's how to break up with a maybe:

[CHORUS - slow]

I needed something to cut through my hope  
So it's not the chain around my throat  
Not wanting him even in the small chance he's wanting me

[VERSE]

Losing someone can eventually mend  
If the words are set in stone  
Your mind knows it's come to an end

But what if you never had them at all  
And they put a hug below your fall  
So you're still on the ground  
But you don't hate that they pushed you over

[PRECHORUS]

People are smart  
They'll hold up their options with string  
Frayed and fragile to hang

They'll play with your heart  
And do whatever it takes  
To make sure your leash will remain

[CHORUS]

I needed something to cut through my hope  
So it's not the chain around my throat  
Not wanting him even in the small chance he's wanting me

You can't value something you'll risk to lose  
So even if his mind changed he'd still be a fool  
So I'm ending things with the maybe he gave me

[BRIDGE]

And this song is short  
Cause I can't dwell on the pain  
I've shared all what I have to say

I'm not a whore  
Or only good for certain things  
Won't spiral and think in that way

And even when he's nice to me  
If he meant the quote from a movie  
It's not a yes when it's a maybe

[CHORUS]

I needed something to cut through my hope  
So it's not the chain around my throat  
Not wanting him even in the small chance he's wanting me

You can't value something you'll risk to lose  
So even if his mind changed he'd still be a fool  
I'm ending things with the maybe he gave me
